From Coffee to Cloud

by

Rodrigo Bühler

Characters

Dante, 35
Developer

Ramon, 25
Product Owner

Ledesma, 29
Manager

The working day just started and there's no coffee.

Who´s next to prepare the coffee?

Scene 3: Start the coffee process

The coffee process is started.

Start Cofee

MrCoffee
Machine

Powder [Coffee
Grain]
Nr.of Cups   [12]

Reward: ⭐ ⭐ ⭐
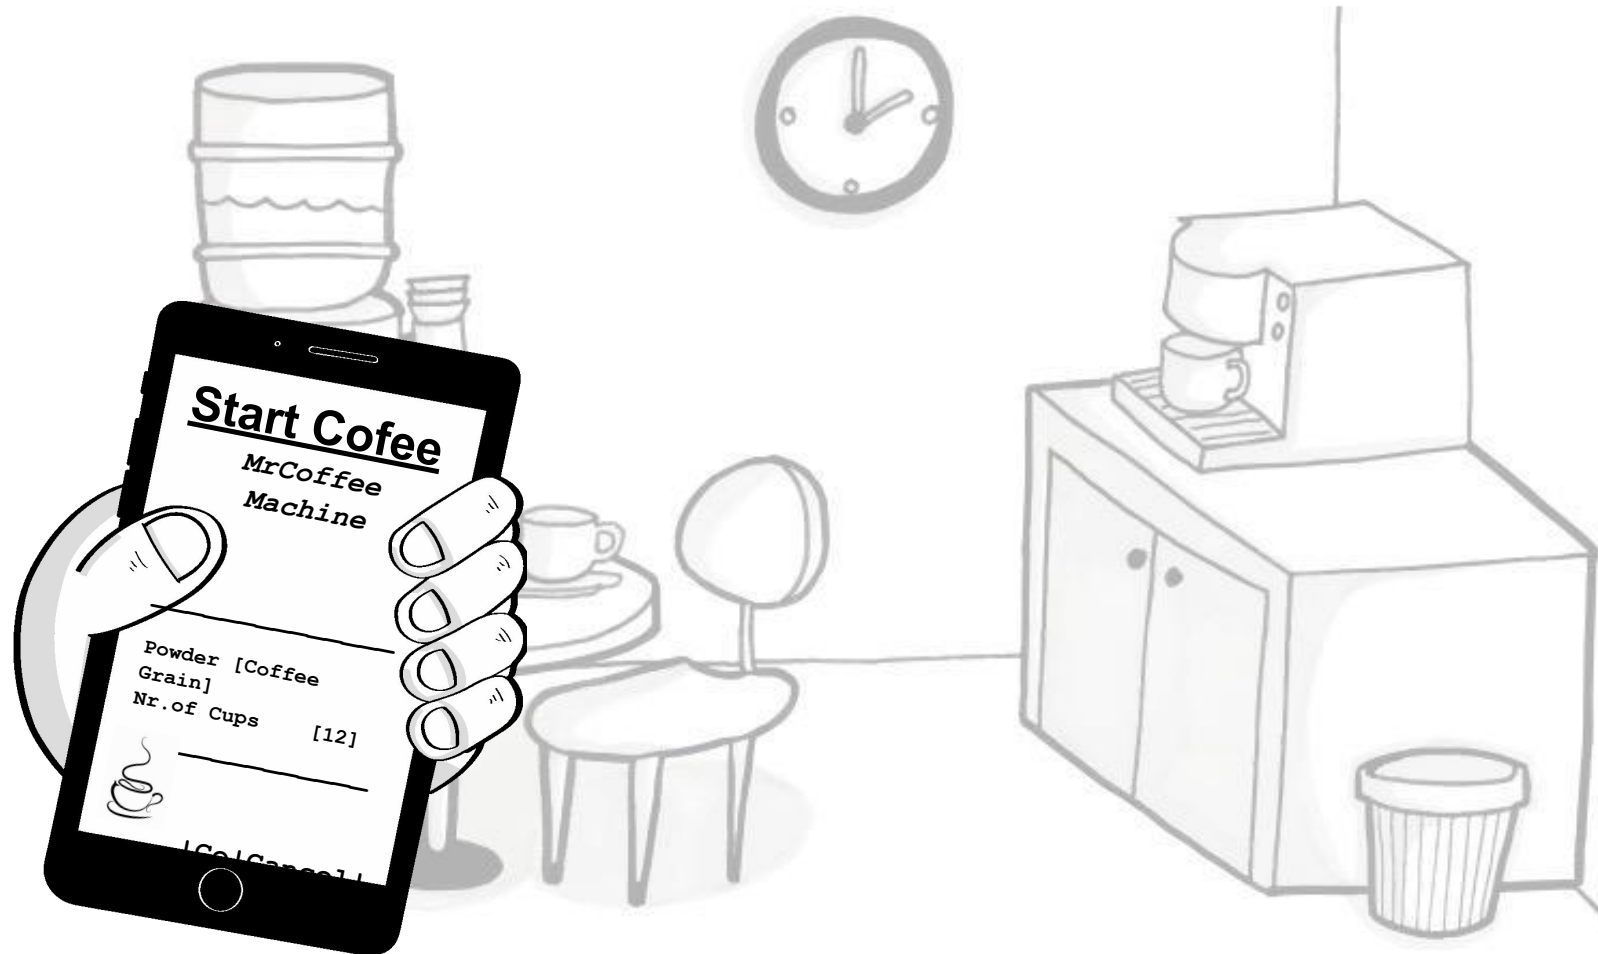

Scene 4: Check the coffee status

The coffee status is checked.

It would be nice to have a cup of coffee, let's check the coffee status.

From Coffee to Cloud

```
WORK LIST              | DETAILS
---------------------  |------------------------------
24.10.2016 Started     | Ready in [ 10 minutes ]
Mr.Coffee Machine      |
---------------------  | Coffee
21.10.2016 - Done      | Device: [ Mr.Cofee Machine ]
Old Machine            | Powder: [ Coffee Grain ]
---------------------  | Rate  : [ * * * . . ]
-                      |
20.10.2016 - Done      | Started
Old Machine            | Cups: [ 12 ]
                       | At  : [ 24th October, 9:05AM
```

Scene 5: Sensor keeps reading coffee machine

Sensor keeps checking the coffee machine for the readiness status.
